ITEM 1 – INTRODUCTION

Destiny Capital Corporation, doing business as Destiny Capital and Entrepreneur Aligned, (“Firm”) is registered with the Securities and Exchange Commission (SEC) as an investment adviser. Brokerage and investment advisory services and fees differ, and it is essential for you to understand these differences. ITEM 2 - RELATIONSHIPS AND SERVICES

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

Destiny Capital Corporation offers investment advisory services to clients on a discretionary basis. In a discretionary account, you grant us the authority to execute purchase and sell orders in your investment account(s) without consulting with you first. You may limit our discretion, such as by imposing reasonable restrictions on investing in certain securities or groups of securities. As the retail client, you make the ultimate decision regarding the purchase or sale of your investments. Financial Planning services are included with our investment management services. If deemed suitable, our firm will recommend utilizing the services of a platform provider and their associated model managers. The determination to use a particular model or models is based on our advisor’s recommendation considering each client’s individual investment goals, objectives and mandates. The Firm has entered into an agreement with an unaffiliated investment management platform provider. The Platform Provider is an SEC registered investment advisor and provides asset management services that include: model money managers, portfolio managers, strategists. As the retail client, you make the ultimate decision regarding the purchase or sale of your investments. Our Firm monitors your investment advisory accounts, and specific investments within your accounts, on an ongoing basis to align with your investment goals. For clients engaging our Firm for financial planning services only, financial planning will be offered under a separate agreement and separate fee. The specific services and deliverables will be defined in the Financial Planning Agreement. Business planning consulting services are available through the Entrepreneur Aligned program. Our Firm also offers consulting services for our clients. These services are provided on a stand-alone basis and are available to clients who need advice on a limited scope of work. Our Firm requires a minimum portfolio value of \$500,000 in order to provide advisory services to you. In certain instances, at the discretion of our Firm, this minimum may be waived.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

ITEM 3 - FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

WHAT FEES WILL I PAY?

Fees for investment management services are either a flat fee or are a percentage of assets under management. The relevant fee and billing method is defined and agreed to by the firm and the client in the executed Investment Advisory Agreement. Flat fees range from \$2,500 to \$20,000. Asset based fees will not exceed 1.50%. Fees are billed in advance, on a quarterly basis, based on market value. Entrepreneur Aligned services are available for fixed fees. These fees are separate from advisory fees and billed quarterly in advance, starting at \$5,000 per quarter. Our fees are negotiable based on the size and complexity of your account. You pay fees even if you don’t buy or sell investments. The more assets in your advisory account(s), the more you will pay in fees, and therefore, our firm has an incentive to encourage you to increase the assets in your account(s). Your custodian will charge transaction costs, custodial fees, redemption fees, retirement plan, and administrative fees, or commissions. For clients utilizing a third party Platform Provider, clients will pay an additional platform fee directly to the platform provider. Platform fees will not exceed 0.15% of assets under management. The mutual funds and/or ETFs held in your advisory account(s) will charge management fees and other expenses. Financial planning services are included as part of our Investment Management services. For stand-alone financial planning arrangements, we will negotiate the planning fees with you. Fixed fees for stand-alone financial plans range from \$1,500 to \$50,000. Fees may vary based on the extent and complexity of your individual or family circumstances and the amount of your assets under our management. Standard consulting services are an hourly fee between \$200- \$500 per hour. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Help me understand how these fees and costs might affect my investments.
- If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

**WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER?
HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?**

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means: 1) Asset-based fees present a conflict because our Firm is incentivized by encouraging you to invest additional funds in your advisory accounts. 2) Asset-based fee compensation also poses a conflict when: a) Advising you to rollover a 401(k) balance when equivalent and less costly options are available if funds are left with the employer's fund manager. b) Advising you not to pay off a mortgage (thus diminishing assets), even when the mortgage carries a high-interest rate. 3) Our firm allows our Financial Professionals to invest in the same securities as you; therefore, our Financial Professionals may have an incentive to favor their personal accounts over your advisory account. Our Firm receives services at no cost or at a discounted cost from the custodians where our Firm's client assets are held. These services range from receiving data on our clients' accounts to business consulting services. This incentivizes us to work with custodian firms that provide the most attractive services to us, even if they do not benefit you directly.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- How might your conflicts of interest affect me, and how will you address them?
